CONSCIOUS ABUNDANCE

CLEAR YOUR HIDDEN LIMITATIONS AND MANIFEST TRUE ABUNDANCE IN ALL AREAS OF YOUR LIFE.

Uncover the true secrets of Manifesting Abundance

The Journey's Conscious Abundance Retreat takes up where most programmes on abundance leave off. While most courses teach how to put out for what we wish for in life, the question still remains, why does some of it come true and some not? What The Journey's Conscious Abundance Retreat reveals is a deeper truth. It roots out and clears the 'silent saboteurs' that quietly undermine so many of our dreams and desires.

And now is the chance of your lifetime to completely finish with all of these and go through a deep springclean of all the self-denying patterns that lie buried deep inside us all – the negative beliefs, the low self-esteem and self-worth, the fears, the 'not-good-enoughs', the 'I will-nevers' – all the issues that have held us back on so many levels in life. Whether we recognise them or not, we all run these patterns, and at the Conscious Abundance Retreat you'll unearth these, clear them out and finish with them so you are free to welcome in all the abundance the universe has to offer.

At this, our most joyous residential retreat, you will:

- Uncover and expose the limiting patterns, the silent saboteurs that have stifled and blocked your potential
- Spend an entire day in process in a massive and comprehensive house-clearing as you set yourself free from all the silent saboteurs and blocks.
- Experience a resounding freedom that opens you into the creative genius inside.
- From freedom discover your heart's deepest desire for you, as you 'vision quest' a new vision for your life.
- Brainstorm with others a dynamic action plan with practical ways to allow abundance to flourish in your life.
- Leave soaring in your true potential, ready to magnetise abundance into all areas of your life; health, creativity, financial wellbeing and relationships.
- Discover the secret of how to be a magician, part of the wondrous and magical co-creative dance of manifestation and continue to create abundance ongoingly in your life.

If you want more out of life, more out of your career, more open creativity, more fulfilment, more self-expression, more out of your relationships and family life, then this is the weekend to come to. It's a nurturing and joyous residential retreat that will leave you soaring in the fulfilment of true abundance.

What others say about the Abundance Retreat:

My whole life is so much more effortless and joyful The prayers and intentions I put out for seemed to just pop into my life quite miraculously after the Conscious Abundance event, but that wasn't even the most powerful part. The greatest gift that I've received from the event is a whole new way of living, and being – by utilizing the power of manifestation and intention my whole life is so much more effortless and joyful.
